Golden Legend 1982
Saint Leo College

OUT OF MANY

We exited from High School halls
To find our place in life.
The safety of its warming walls
Gave way to fear and strife.
Uncertain of our destint,
I was one of many

My path led to St. Leo,
And I travelled here because
She offered much unto many,
And of the many, one I was.

Many trials, many tasks,
So many things to learn,
Giving of myself to others,
Receiving from them in return.
And when the time had come to leave,
The many saw what each had done.
We found our strength in God's great gifts,
and of the many, I was
One.

WE ARE ONE

LAKE JOVITA

The mist penetrates the air signifying the warm waters of Lake Jovita against the chilly morning air. As the sun rises the water of this impassive lake becomes alive with activity. Flocks of birds gather on its shores and reeds in preparation for their long journey to the north. They seem anxious to return to the vast northernforests, yet, they appear equally disenchanted at leaving the shores of this tranquil setting.

A large alligator lurks in deep water waiting to catch a bass off guard, while two young lads prepare for a days fishing off the west shore. It is a day full of sunshine and a clear blue sky. Soon it wil be noon and the students will wander down to the edges of this soothing spot.

Here they come mysteriously attracted to the lake by its unmatched beauty. A few catch warm rays on the boys boat dock while others simply lull in her waters. Two young men drawn by youthful lust make their way to the girls dock in search of companionship. Over yonder two young lovers are engulfed in one another, totally unaware of passers by.

The sailboats and canoes are out now giving the lake even more life. The afternoon passes by faster than most would wish and not its time to leave this happy setting. Thus ends another day in the life of Lake Jovita.

BARS

8:15's, homework, McDonalds Cafeteria, meetings, classes . . . Where do we go to escape all this when Friday comes along? The Bars of course! No, not to drown our sorrows but simply to run wild from the stresses of Leo Land. The bars allow us to enter an entirely different world — dancing to the Alligators, beat the clock, beer on your shoes, shots at Ralph's, just *one* slice of Pizza, Ronnie's famous Roastbeef sandwiches, lines at the bathroom, and the quarters spent on Pac Man. Where would we be without these places that allow us to drop our identities of student, teacher, administrator and just become people. At least until 2:00 — then it's back to 8:15's, homework, McDonald's Cafereria, meetings and classes. .

HOMECOMING

HOMECOMING

One of the most exciting times of the year is Homecoming. It is the reunion of family members, alumni and friends for a very special weekend. Alumni and parents return to the college to reminisce about what went on during their many years at Saint Leo.

There comes a time when we must leave our families and friends to move on with our lives. It hurts to break away from these people who have helped us grown into what we are today. But an essential part of keeping our memories are revived and more are created during Homecoming.

As a senior, it is going to be difficult for me to move on because Saint Leo has been my home for four years. I am holding onto the thought of seeing those who mean so much to me.

There is a saying that "a friend is a present you give to yourself". If that is so, then Homecoming is like Christmas for many of our friends that have helped create our beautiful memories are here at Saint Leo's to share those treasured moments.

DORM LIFE

When you hear talk about college life a big part of it for many is dorm living!

What is dormitory living all about? It's rules and regulations (some which are meant to be broken), it is sharing a room with someone who may be a stranger in the beginning and many times one of your dearest friends at the end. Dorm life is living on a floor with 20 or more girls or guys from all different backgrounds and learning from one another. Popcorn popping, drinking games being played, waterfights, and stereos blasting often can be found happening in dorms! Laughter, tears, your inner fears, and your highest dreams are shared with those very special friends you have found living in a dorm. There are times when those four walls of your room begin to close in, or you have no hot water in the showers again, and the fire alarm has gone off for the fifth time in the same night that you swear your moving out! But then the fun begins and those irritating moments are forgotten and those very special memories are in the making that you will always treasure.

CHURCH

"There is an appointed time for everything, and a time for every purpose under the heavens.

A time to be born, and a time to die ...
A time to kill, and a time to heal ...
A time to weep, and a time to laugh ...
A time to be silent, and a time to speak ...
A time of love, and a time to hate ...
A time of war and a time of peace ...

Ecclesiastes 3:1-8

Through college years, we learn more about time and the hold it has on us. We experience times of extreme joy, and times of deep sorrow;

times of intense friendship and love, and times of struggling to discover who we are and who we are striving to become;

Time can be an enemy when trying to meet deadlines, and time is the ultimate healer of wounds received.

My years at Saint Leo have been timely years of growth and maturation, and it has been during this time in my life that I have discovered that it will take an eternity to become the person I was meant to be ...

RO-MANCE

How many of you have spotted some guy or girl on campus that catches your eye? Suddenly you find yourself trying to find out everything about them, where they are from, what dorm they live in, what classes they have, where they hang out and suddenly you begin to hang out at that same place. Sometimes it's their looks that capture your attention or in other cases their personality makes you start thinking more and more about them. What has now developed is a CRUSH!!! You find yourself starting to dress nicer when you know you'll be seeing this person, you find ways of accidentally running into her, and you find yourself unconsciously scribbling his name on your paper.

From these crushes many romances have developed as well as many have never taken off the ground. There will always be those college sweethearts who will marry after college, there will be those crushes that will never develop into anything more. But the game of romance is a happy as well as painful experience many of us go through when that crush ends or the romance sizzles, do not give up it's only a matter of time before you begin again.

1982 Dedication: Dr. Robert Ackerman

To show my appreciation for all he has given to me and Saint Leo College I dedicate the '82 Golden Legend to Dr. Robert Ackerman.

Dr. Ackerman is an inspiration to us all. To me personally he has been a friend. A person who cares for each individual. When you see him on campus you can be assured of a smile and a friendly hello.

Doc is always there to help you, no matter what time of the day (or night). His interest and concern for the students goes beyond the call of duty.

Dr. Ackerman, thank you for all you have given us, your warmth, your understanding and your support. Most of all thank you for sharing your knowledge and talents with us.

Through the hands of such as these, God speaks, and from behind their eyes He smiles upon the earth

Kahil Gibran

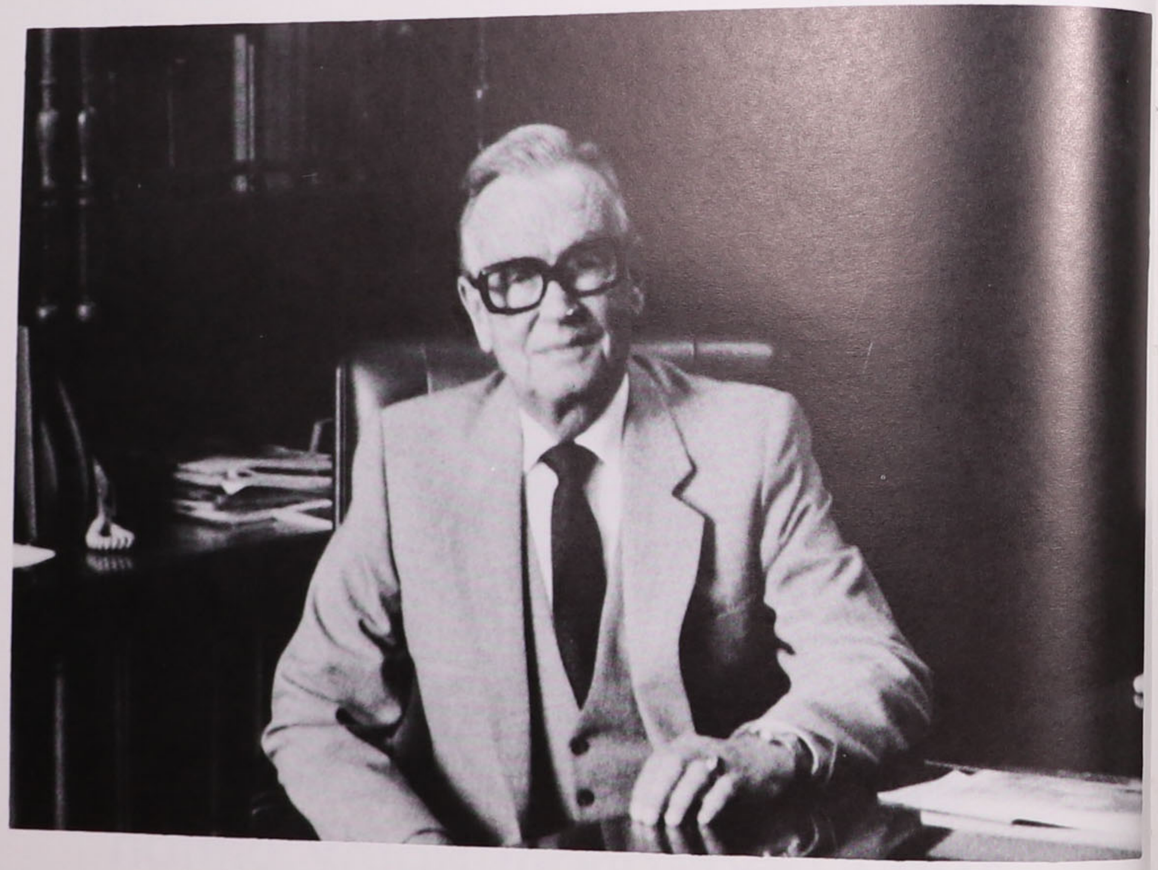
1982 Dedication: Kathy Britton

I Dedicate the '82 Golden Legend to Kathy Britton for her understanding, her friendship and her eagerness to always help.

Kathy Britton known to most students as Kathy in Student Affairs is always striving to help and answer students' problems and questions. When you go into Student Affairs you'll find a smiling face greeting you. Kathy treats each student as a personal friend. She is always there whether it is to laugh or cry with her. Kathy is prompt, courteous and helpful.

Kathy, I thank you for all you have given me personally, and the students of Saint Leo College thank you for just being you!!

Dr. Thomas B. Southard



The fifth President of Saint Leo College, Dr. Thomas B. Southard, was appointed chief executive officer by the Board of Trustees July 1, 1971, and has served longer than any of his predecessors.

During the past eleven years, enrollments have more than doubled from approximately 1,000 in 1971-72 to 2,300 in 1981-82 with the inauguration of the Military Education Program and the expansion of the Educational Services degree offerings.

By means of good management practices and fiscal controls, President Southard has eliminated a $581,000 carry-over operational deficit he assumed in 1971 and for the past ten years has operated Saint Leo College with balanced budgets. The 1971-72 budget of $3,000,000 grew to $10,000,000 for 1981-82.

When Dr. Southard assumed the presidency, Saint Leo's Endowment Fund amounted to $170,000. Today it stands at a little more than $3,000,000.

President Southard has presided over the graduation of his eleven classes from 1972 through 1982 which have produced more than 8,400 degree holders to the ranks of the Saint Leo College Alumni Association. Many have found success with their acceptance into graduate and professional schools throughout the country, especially the fields of law and medicine.

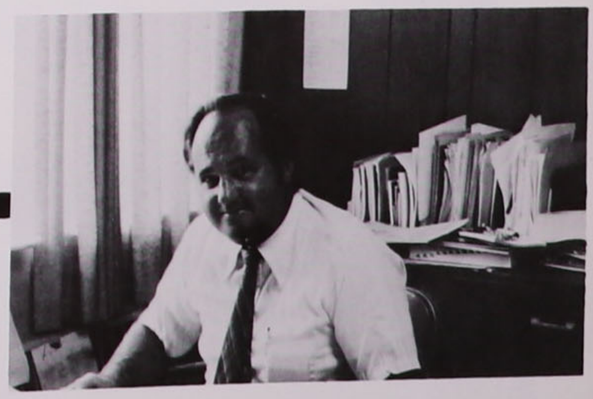
Two of the highlights of the eleven year presidency of Dr. Southard have occurred during the Senior Year of the Class of 1982. Under his administrative and professional leadership has come the approval of all programs and the reaffirmation of the accreditation of Saint Leo College for the next ten years. In addition, a Master Plan of the College for the next ten years has been adopted by the Board of Trustees.

President Southard — we salute you!!

Dr. Robert L. Ackerman came to Saint Leo College in October of 1975 to serve as Vice President for Student Affairs and an Associate Professor of Education. Dr. Ackerman holds a Bachelor of Science degree and a Master of Science degree from the University of Wisconsin at Oshkosh and a Doctorate of Education from Indiana University at Bloomington.

Dr. Robert C. Gould has served as Vice President for Academic Affairs since July, 1976. He holds a Bachelor of Arts degree from Princeton University and a Master of Arts degree from Saint Lawrence University; Dr. Gould received his Ph. D. from Boston College. He also serves as a Professor of Education.

Mr. Allan J. Powers came to Saint Leo College in 1966 and currently serves as the Vice President for Development. Mr. Powers received his Bachelor of Arts degree from Notre Dame University.



Mr. Robert E. Richmond has served as Vice President of Business Affairs since August 1, 1972. He currently holds a Bachelor of Science degree and a Bachelor of Arts degree, both received at the University of Southern Mississippi.

In Loving Memory Of Hazel Whitman

After 18 years of loyalty and service to the Saint Leo College community as Coordinator of Social Programs, it is with a saddened heart that we bid adieu to Hazel Whitman, the Grand Dame and Sweetheart of Saint Leo College.

Contrary to most, she *started* Social Security benefits right after she came to Saint Leo at the age of 62 years and went on to esrablish a legend of limitless energy effervescence during her own time.

The innumerable tasks she completed for others will somehow never be accomplished in quite the same way. The "Daily Say So" with it amusing typographical errors, the "extra" touches she gave to every social event, her unlimited negotiating powers for entertainment contracts and that special way that she touched the lives of everyone with whom she came in contact will remain with everyone who knew and loved her. Her spirit will never leave Saint Leo College.

Unquestionably the recipient of more awards from students than any other member of the College community, the void created with the students — who flocked to her office daily and from whom she derived her own "Fountain of Youth" — can never be filled.

Her campus activities included serving as the first vice president in 1974 of the Saint Leo College Faculty-Wives' Club as well as its president in 1980-81 and also in 1975; past president of the Saint Leo College Woman's Club and moderator of the College Union Board since its formation.

The local community has also suffered a tremendous loss in her death. Her involvement, in part, included serving as past president of the Dade City Woman's Club; serving in 1970 as chairman of the Pasco County Committee of the White House Conference on Children and Youth; 25 years with the American Legion Auxilary Florida Girls' State; being a charter board member of the Pasco County Fair Association and the founder of the Miss Pasco County Beauty Pageant; the former secretary to the Pasco County Leadership Development Advisory Committee and being an active member of the United Methodist Church in San Antonio, Florida.

Who's Who Among Students In American Universities And Colleges

Twelve Saint Leo College students have been selected to join the elite group of students from more than 1,300 institutions of higher learning in all 50 states, the District of Columbia and several foreign countries included in the 1982 edition of WHO'S WHO AMONG STUDENTS IN AMERICAN UNIVERSITIES AND COLLEGES.

Academic achievement, service to the community, leadership in extracurricular activities and future potential was the criteria used by the campus nominating committee and editors of the annual directory in the selection process.

Saint Leo's outstanding campus leaders are:

Knights Of Columbus

After an absense of a few years, the knights of Columbus are back on campus stronger than ever. The council here is dedicated to the four ideals of the Knights of Columbus which are: charity, fraternalism, faith and patriotism. By participating in various college and community activities, a Knight may learn valuable leadership qualities which will enable him to spread the faith not only by his words, but by his actions.

Campus Ministry

The goal of the campus minister is to reflect the life of Jesus by his everyday, good example and by his relationship with others, whether personal or non-personal.

In Campus Ministry, we will try to make Saint Leo College a real Catholic campus by having fun filled trips to skating rinks, having retreats in the Pilgrim House, having Bible Studies but most of all, speaking the spirit to each of our fellow students. We will try to spread the "good Word" to all students; whether it be verbally or by our actions. We will not only do this on Sundays but on everyday. Our main objective is to try to show the students that it's more than a beautiful feeling when Son is shining through us.

Musical Monarchs

The goals of the newly formed Musical Monarchs for the 1981-82 academic year include participating in the Greek festival, weekly cleaning of the Pilgrim chapel, distributing a Thanksgiving and Christmas stockings, christmas caroling, sponsering a christmas concert, going to musical events, and uniting those with an interest in music. We hope to bring a better appreciation of music to the campus and provide an organization that will service the college as well as its students.

Gamma Alpha Honor Society

The Gamma Alpha Honor Society's purpose is to recognize academic accomplishments, foster scholarly activities, and to encourage a sense of an intellectual community among its members. Membership is as much an obligation and responsibility as it is a mark of high distinction and honor.

Martin Comway — President, Dr. Walt Williams — Moderator, Victor Hutcheson — vice president.

Well, the time has come again for me to say good-bye to another year and to thank all those who have helped me. So I say good-bye to three wonderful years and I say Thank you to everyone who supported me! So many people have been wonderful to me this year, I just can't seem to thank them enough. Oh I've still had my share of problems, and there were many times when I was certain 1982 was going to be the year without the yearbook. However, deadline after deadline things slowly began to go into the right places. (I only wished that this was a job that got easier every year) For some reason I knew I didn't have any worries when my assistant editor Laurie Chmielewski, told me everything was going to work out (and she stuck around till the last page was worked out) — THANKS LAURIE!! Skip (Diane Macdonald) my other assistant even managed to cheer me up and put in many hours of hard work. If you know Skip, that was a rough task with her busy schedule. Jean McIntosh, my photographer, it's amazing the girl is still talking to me. She did a great job for her first year. Jean, thanks for everything.

The list of thanks does not end there. I want to thank all those people who worked on various sections of the book. Carmen D'Ascendis, for his art work contributions, Debbie Young Chin — for her help in the organization section. Becky Sommers — for her all around help and her many laughs. Delton Farquaharson — for his dedication to the sports section. Kevin Bethel — for his unending support and Kelly Keefe — for her witty write-ups. K.P. — for your talents, Paul Bermel and Edward Mansoor — for all of the sports copy. Gino Montagno, Martha, Georgette, and yes, even you T.C. — I thank for your photographic contributions. And all those who stopped by and contributed help.

Last, I thank my friends for their never ending patience at deadline time. (thats you Ellen and Nancy). Thanks to Joy Shepherd and Mr. Powers. Brother Bernard, your photos added class to the book. To all those I say THANKS!!! A special thanks I give to Dr. Ackerman and Kathy Britton for their friendship and belief in me as Editor. Student Affairs — thanks for making your office mine. Jerry Gladstein — my Josten's representative — where would I be without you?

I wish the best success to the staff next year. I only hope that the memories that are contained in my books will be remembered forever. Enjoy the book, think of me often, as I will of you.

Best Always

Law And Debate Society

The Saint Leo Pre-Law and Debare Society was organized in 1981 to provide the college with a public forum for debate and to serve the interests of those students comtemplating a career in law. Lively debates are held bi-weekly, and enterraining speakers are brought in from ourside the college community to discuss topics of contemporary political and social importance. The Society also serves as a clearinghouse for information about preparing for law school and the legal profession.

Inter Fraternity Council

The Inter Fraternity Council of St. Leo College set a goal to foster cooperation between the fraternities and the school administration. The I.F.C. also helped the secure a feeling of harmony and a band of friendship between the frats.

The I.F.C. participated in many activities. For instance, the Rattlesnake Festival, Greek Festival, Parents Weekend, A fund raiser for needy families, sending a representative to the San Antonio City Council, campis clean-ups, and Greek Week.

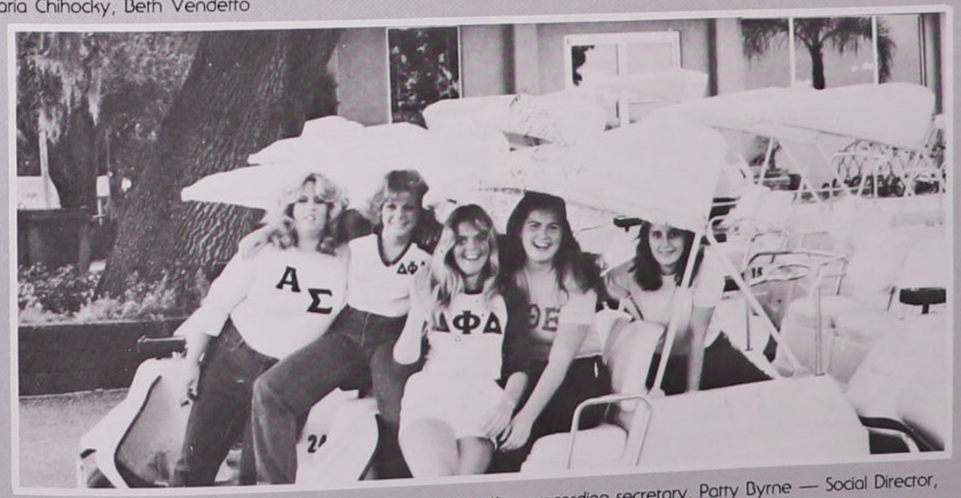
When you hear the word Panhellenic do you ever wonder why that name was chosen for the organization in charge of the sororities? The word Panhellenic means "all Greek" and our four sororities are all Greek! Our four sororities are Alpha Sigma, Delta Phi Delta, Phi Tau Omega, and Psi Thera Epsilon. We wear the Greek Letters Alpha, Delta, Phi, Psi.

Panhellenic consists of the President and Vice President of each sorority, 3 voting members and the Panhellenic officers. Panhellenics purposes are many; It overloads the activities of each sorority, and we do many activities as a whole. Panhellenic tries to get the student body as well as Greeks involved on Greek life, to strive for the betterment of each sorority, helping each sorority sister develop a meaningful understanding of sisterhood.

Panhellenic for many is a very enriching experience and it creates an atmosphere of friendship and leadership on the Saint Leo Campus.



Tammy Brennen — corresponding secretary, Jodi Adnolfi — recording secretary, Patty Byrne — Social Director, Kelly Keefe — president, Maria Chihocky — treasurer.

Alpha Sigma

"We the sister of Alpha Sigma Sorority join together as young Christian women to promote the purposes of our organization, aid in the development of leadership, citizenship, and moral character, and to further the interests of Saint Leo College" . . .

These are the introductory lines to our constitution. This is what we strive for through our sorority functions.

As a result of our dedication to the college and the community, we were named the "Outstanding Sorority" for 1981. Alpha Sigma prides itself in our past accomplishments and strives to continue and add to these for years to come.

Delta Phi Delta was founded in 1964. It's purpose is to promote the christian ideals of Saint Leo College, and to develope a well-rounded group of young women as leaders in the future.
Delta's objectives include maintaining high academic srandards, to promote social functions and service projects and to spread the ideals of chrisrianity.
Delta strives to carry on their motto of "sharing and always caring".

The goals of Sigma Lambda Fraternity for the 1981-82 academic year. The principle aims of Sigma Lambda are to encourage in its' brothers, the attainment of high scholastic standing. To render "service" to the college and community. To foster in its' brothers a more vigorous spirit of loyality. To promote in the social and intellectual spheres the best traditions of Saint Leo College.

The expectations of Sigma Lambda this year are to keep the brotherhood of this fraternity alive and well in the upcoming years.

Ode To The Former Pledge

Here's to former pledges
Who now are finally Greek,
Here's to all the pledges
Who made it through hell week.

Here's to everyone
Who refused to stop and quit,
Here's to all of us
Who even cried a bit.

To the hats, the scarves,
the beanies, the fowers,
the patience, the whining
those tiresome hours.

To the bricks, the tee-shirts,
the suits and the ties,
The derbies and canes
Here's to the guys!

We made it through line-up
The laps and others
Someday to be sisters
Someday to be brothers.

Somehow we made it
Through thick and through thin,
Here's to all the new Greeks
Who proudly made it in!

Are You Loved Today?

The Post Office is the daily source of LOVE. Most students start their day with the chance of getting depressed or elated, depending on the presence of mail. For some, the daily visit shows their loyalty and dedication to their pet spiders. If 'dear ole home' won't say "Hello", they know the spiders will.

The desparate are very noticeable. They are the ones that get excited by a bank statement; but the most pitifulones are those who feel loved when receiving bills. They, like the rest, keep waiting for that one day out of the year to come when there is a legimate letter in their box, and the cardiac arrest machine is already waiting. That day, they can join the others pulling ever so slowly something out of their box, for which their spiders gladly and vicariously separated. But till that day the air is filled with "Oh Well, There's Always Tomorrow!"

Team Shows Improvement

Seven wins, five losss and a tie. That was the score for the St. Leo Monarchs at the end of the 1981 soccer season. Hard work coupled with patience enabled the team to improve last years record of 3 to 9. They won four of their five home matches, tying with FIT Melbourne, the team that is ranked number five in all Division II colleges in the South. Stephen Martel, a freshman, led the team scoring nine goals in the season. Senior Mike Barnett, Martin Conway, Victor Hutcheson, Brian Ramsey and John Woodall, who made the valuable contributions to the team, will not be returning next year.

An inmature beginning for the women's Volleyball team slowly developed into a finish that made history at Saint Leo. The Monarchs this year won eight of their fifteen matches. In the first nine encounters, they only managed two victories but the last six saw the determined women emerge victories in all of them. Coach Paula Smith said, "Team work was one of the main keys to their success." Keep it up Monarchs!

The Monarchs say good-bye to Janer Hansen, four year letter player, and outstanding players, Rose Reese, Margret Leyser, Marie Forgette, Anne Crawley.

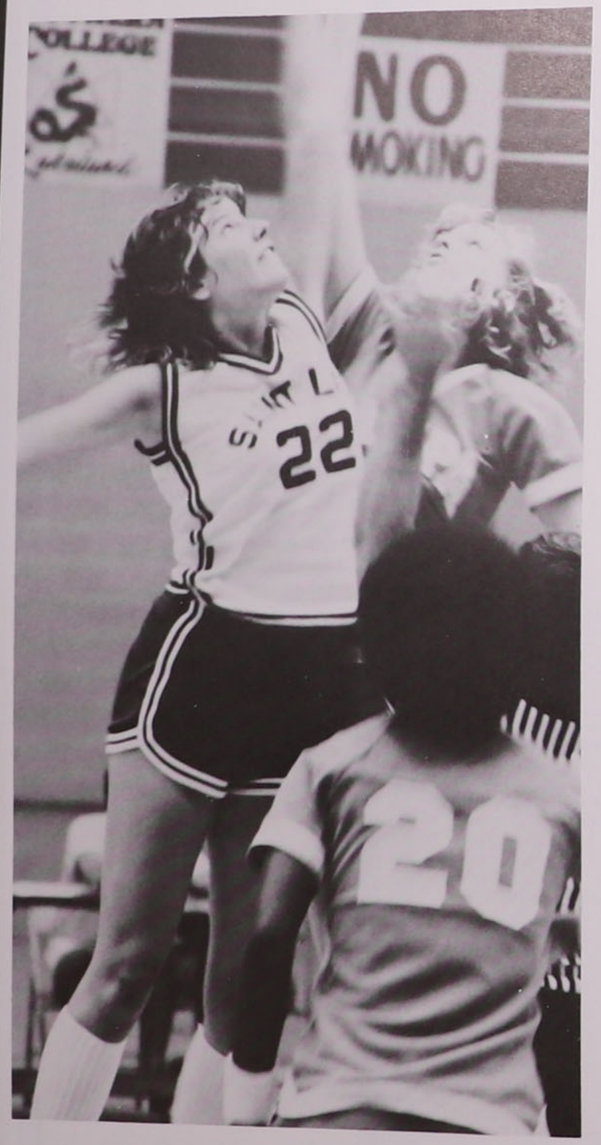
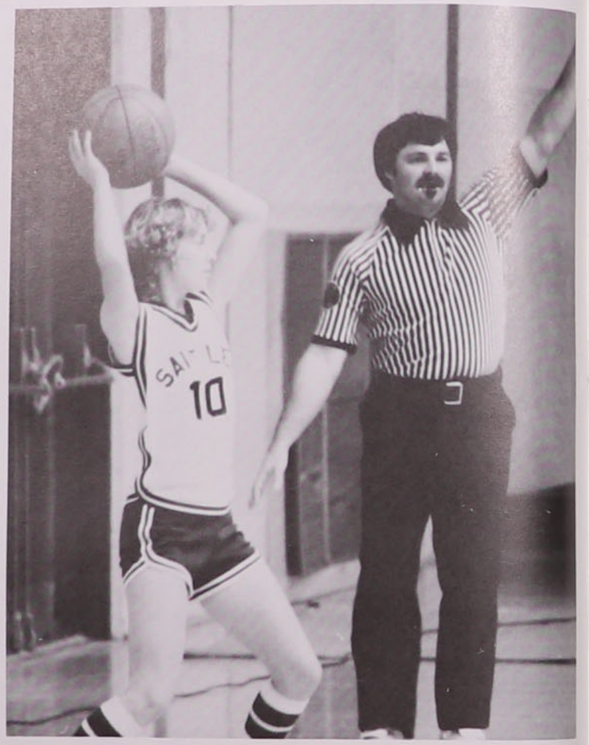
MEN'S GOLF

The 1981-82 St. Leo golf team consisted of these players: Senior caprain Steve DiMarco, a prototype and tribute to the St. Leo golf program in his four years of service and dedication. Tim Dill also swang his driver for four years for the Monarchs. Terry McNamara, John Mulcahy, Al Ragge, Mike Duffy, Gerry Ragusin, and Larry Charles rounded off a young and growing St. Leo team. Former tour player Ed Rogers, and current consultant to the TPA and PGA, Mr. Rogers is the biggest asset to the budding talent striving to play in each march.

Women's Basketball





The Sr. Leo 1981-82 Women's Basketball squad are "Ready and willing and almost able" said Coach Camper as the Lady Monarchs began their season. The girls were in a slump for about half the season but two new additions had some bearing on the team. The two additions were 5'10" Terry O'Connor and 5'6" Sandy Pendarvis along with Senior Karen Piche and Patti Wilcox, the super 6 Ball-handler, the squad ended with a — record and a playoff spot.

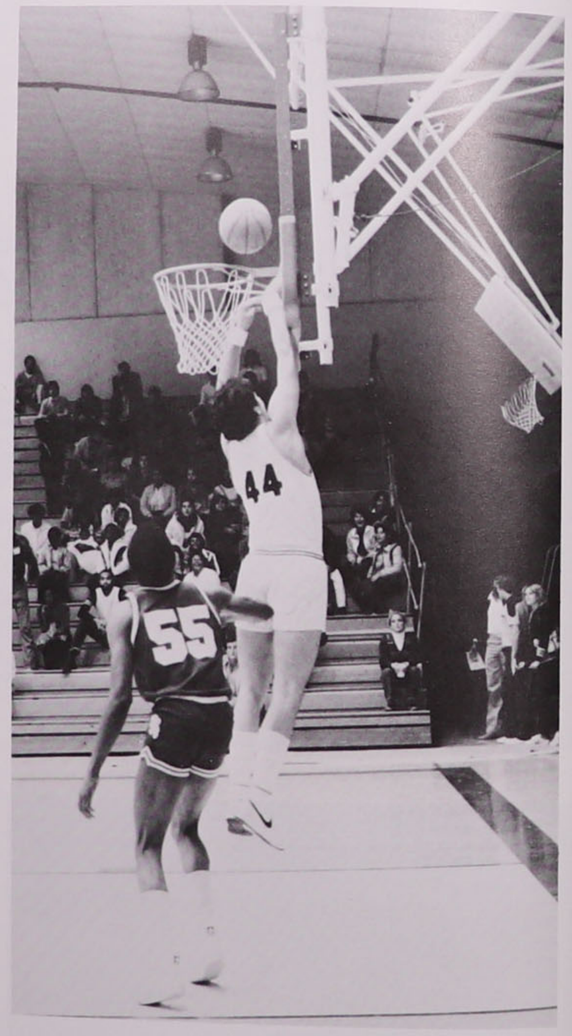
Men's Basketball

Freshman Guard Rodney Murray



The St. Leo College Monarchs opened the season surprisingly with a 4-4 record guided by second year coach Gary Richert, who went 4-23 in his initial year coaching in the college ranks. But this season was to be no different as the young Monarchs won only one game out of the last 17 finishing up with a dismal record of 1-11 in the Sunshine State Conference and 5-21 overall.

In a season where seven newcomers figured to play a major role, three of them departed. Starter Rodney Murray was dismissed for disciplinary reasons, starter Duane Mlachnik left for personal reasons and Gary Long transferred at mid-semester. However, freshman Scott Thatcher and Tim Lovett proved to be viable recruits. The equivalent goes for transfers Dennis Prue from Mitchell Junior College in Connecticut and Sankar Montoute from the University of Wisconsin.

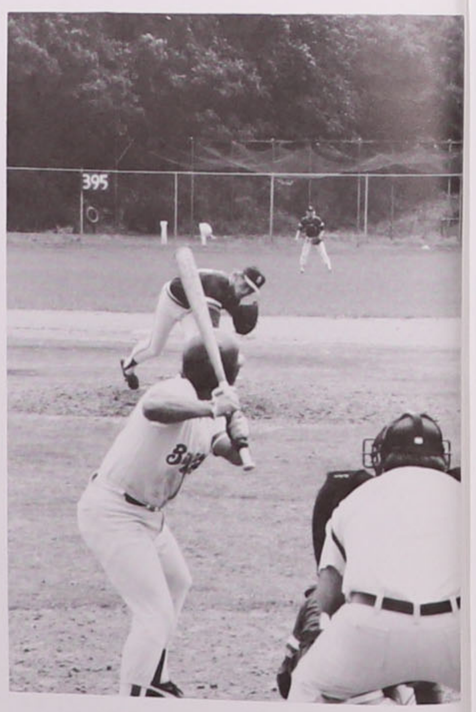
Best Record In Schools History



A Bitter Sweet Season

This year the Saint Leo Baseball team will be remembered for two things. One is for setting a new school record for victories posting a 34-15 winning season. The second for not receiving a well deserved bid to the NCAA Regional Tournament. Thus coach Cardieri will remember 82 as the no good, good season.

This year the Monarchs lose six talented seniors (including their entire outfield) Senior Marques led the team in hitting seven homeruns and was second in RDI with 36. Kozak played in every game and was the teams leader in runs. LeSieur led the team in doubles and Newton compiled a 4-2 mark with 8 saves.

A bad break for a good team.

And of the many, one I

Second Annual Humanities Festival:

A Return To Ancient Greece

More profoundly than anyone before them, the ancient Greeks attempted to understand life by exploring the relationship between philosophy and art. Sain Leo College's October Greek Festival vividly re-created this ancient milieu. Co-sponsored by the Division of Humanities and the GFWS Dade City Woman's Club an partially funded by the Florida Endowment for the Humanities, the festival allowed the college community and hundreds of visitors to enter the world of Greek culture. Greek scholars from various universities discussed individual will, the birth of Greek drama, and how the playwright, Aeschylus, altered tradition; these discussions set the stage for a Greek Fair that included authentic dance, music, food, costumes, and arts and crafts.

At the lighting of the Olympic flame, participants put aside souvlaki and grapes to listen to the wise words of Plato, Epictetus, and the rhapsodists, then joined in tourch and chariot races. While some enjoyed the pageant of the goddesses, others gathered to try their skill at the discus or shot put. Then, their worry beads in one hand, they returned to the Agora for Spanakopitta and baklahva. Highlighting the festival, was the presentation of Aeschylus' classic trilogy, *The Oresteia,* which was presented under the stars. The outdoor performance by the College Theatre provided a fitting conclusion to the three-days' visit to 5th-century B.C. Greece.

Grease Is The Word!

There was an aura of excitement at the auditions for *Grease* a rock and roll musical based upon the nostalgia of the 1950's as over 150 students sang, danced, and acted on for hours on end trying to get one of the twenty-three roles. When the difficult job of casting was finally completed the task of getting students to learn the dances, sing the songs and have appropriate characterizations began. The cast worked six hours a night seven days a week for four weeks. Mrs. Jacalyn Ewansky Bryan was the choreographer and she spent much time researching the 1950 dance steps and even more time drilling it into the actors, which would enable them to do their movements at precisely the same time. Mr. John Higgins worked at the piano throughout the rehearsal period and rehearsed and conducted the orchestra. Dr. Larry Sledge was the vocal Director and Ms. Kathy Neumeyer, a student designed the scenery. The Director was Dr. David A. Golden.

The show opened in a charged atmosphere and suddenly was sold out every night. It was necessary to extend the run of the show for three extra performances, due to the popular demand. And each of those shows sold out as well. In fact, *Grease* enjoyed the longest run and had more attendance than any production in the history of the college. It also played to two dinner theaters. *Grease* was the most successful musical the college has done to date.

Brother Edward Lamp, O.S.B. was ordained a Benedictine Priest by Bishop J. Keith Symonds, D.D., Diocese of St. Petersburg, here in the Abbey Church on May 1, 1982.

Brother Edward is the son of Edward and Annette Lamp, Port St. Lucie, Florida. He made his profession as a Benedictine Monk in the Abbey Church in 1979. He graduated from Middlesex College, Edison, NJ, with an associate degree in nursing education in 1970. He received a B.S. degree in nursing education from St. Anselm College, Manchester, NH in 1976.

Brother Edward received a M.A. degree in theology from St. Mark School of Theology, South Union, Kentucky, in 1982. He is Director of Campus Ministry at Saint Leo College.

Donkey Basketball

You know the old saying, you never know what's going to happen to you when you wake up in the morning; well, there are many people on this campus who can attest to that! How many people ever imagine they would ride a donkey in a basketball game? Well, there we were — Panhellinic versus I.F.C. in the first game and Faculty versus the Student Body in the second. Why this insanity? The college community joined together to help raise money for the Saint Leo College library fund. Besides being a little leary of the four-legged creatures, the evening offered for everyone lots of laughs, not to mention some sore muscles and certainly a feeling of proudness to see what can be accomplished when we work together as a whole.

Good Time For A Song

Feels like a good time for a song . . .
Just long enough to say good-bye.
Can't stop the tears, they're going strong.
Hope you don't mind if I just sit here and cry, for a while.

Feels like the right time for a song,
To thank you for your company;
But there's a place where I belong . . .
On the shore, beside the sea.

It may be hard to leave but we must all be on our way.
Oh, can't you see, I love you though it's hard for me to say.

Oh, what a good time for this song;
To tell you how much I care.
I'll be beside you right or wrong,
Today and always I'll be there.

Through joy, through, sorrow, though we may be oh so far a way,
I'll think of you and smile about the times of yesterday . . .

Feels like a good time for a song . . .
Just long enough to say good-bye.
Can't stop the tears, they're going strong.
Hope you don't mind if I just sit here and cry, for a while . . .
